6-in-1 Digital Night Vision

Model: FPC-DNV6

1. Can operate in (Strong) Light at color image.
2. Can operate in (Complete) Darkness at B/W image.
3. Take photos
4. Record Videos
5. Record Voice
6. Can Playback and view photos and videos directly

Forever Plus Taiwan

Unique Advantages:

1. Can operate in (Strong) Light at color image.

Can operate in (Complete) Darkness at B/W image.

(Traditional NV can be damaged while operated in strong light;
can not work in complete darkness; only work in dim light.)

(Without flash, take photos or videos can not be detected)

2. Take photo, video, voice

(Traditional NV cannot take photo, record video and voice; or only have one
function of them)

(Support micro SD card up to 32GB which records more videos.)

3. Can Playback and view photos and videos from DNV6 directly.

(Other brands need to buy expensive accessories to see the videos.)

(DNV6 can directly view photos, video files anytime.)

Forever Plus Taiwan

Other advantages

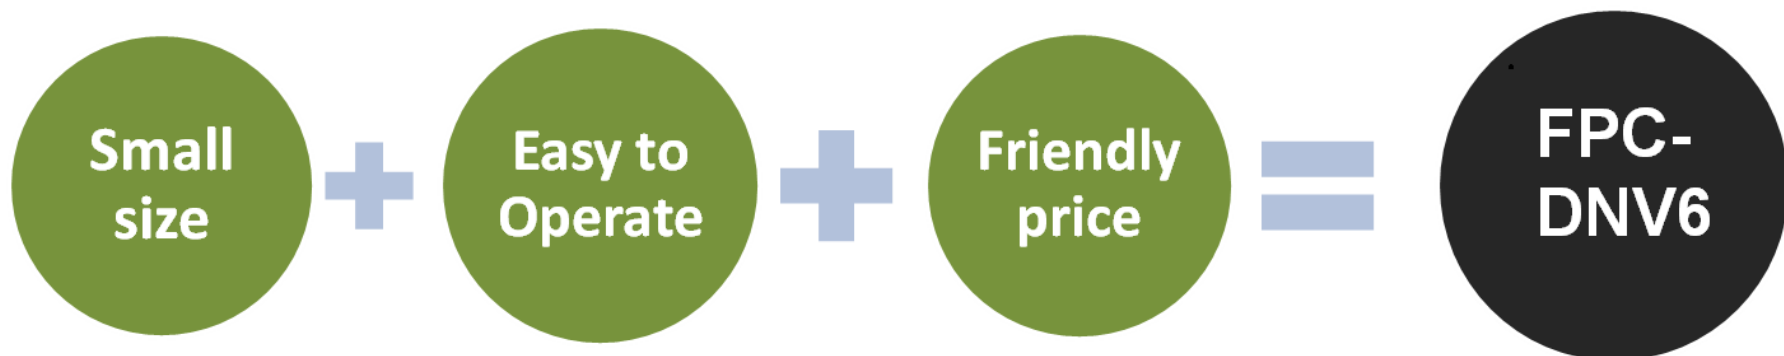

1. Can be used in daytime or night time; can also on/off Infra Red (IR) LED. No worry DNV6 is damaged due to operate in strong lights.
2. High-sensitivity sensor, specially designed lens, clear sharp images
3. Handy, lightweight, compact, easy to carry
4. Unique/multiple functions with competitive price among good quality range of night vision devices
5. Long distance viewing, effective over 100 yards ;
6. Can easily change AA batteries.

Forever Plus Taiwan
