Spectro LED Bluetooth Speaker

BT 4.0, NFC, water resistant IP X4, 4W output, battery 2.200 mAh

The perfect fusion of powerful sound and exciting LED light show

Want to be able to take your party anywhere? No problem, thanks to the ednet Spectro LED Bluetooth® loudspeaker! Stream your favorite songs from your smartphone or tablet wirelessly via Bluetooth®. Pairing is a piece of cake, thanks to NFC. The crystal-clear sound and the integrated LED lightshow provide a fascinating audiovisual experience for both young and old. You can select one of five preprogrammed light settings, which will illuminate in a variety of ways to the beat of the music. As well, there are three light intensity levels. The Spectro is equipped with an integrated powerful, long-lasting 2,200-mAh battery, which is recharged via the supplied USB cable. There is also a 3.5mm audio jack, which enables you to connect MP3/MP4 players, PCs, laptops, etc. Furthermore, it includes a series of control/function buttons to control settings/actions. Make calls easily, thanks to integrated speakerphone function. The Spectro is the perfect accompaniment to any event due to its compact design – even outdoor activities are no problem, thanks to the IPX4 protection class. Get your party started, anywhere and anytime – with the ednet Spectro LED Bluetooth® loudspeaker!
