

PURE PHONO AMPLIFIER

Pure phono amplifier is a HIPRO original design manufacturer product, and successful contract manufacturer many world famous audio brand.

FEATURES

1. High price performance ratio
2. Precise RIAA equalization
3. Support moving magnet and moving coil cartridge

SPECIFICATION

| | MM | MC |
|-----------------------|-------------------------|------------------|
| Input Sensitivity | 4~6 mV | 0.4~0.6 mV |
| Output Level | 500~550 mV | 500~550 mV |
| Maximum Input | >80 mV | >8 mV |
| Maximum Output | >8V | >8V |
| Input Impedance | 45~56K Ω | 80~120K Ω |
| Gain(1 KHz) | 38~42 dB | 58~62 dB |
| Distortion(5mV Input) | <0.1% | <0.3% |
| S/N(A Weighting) | >65 dB | >55 dB |
| RIAA Accuracy | ± 1 dB | ± 1 dB |
| Channel Separation | >60 dB | >50 dB |
| Dimension | W150mm x H47mm x D163mm | |
